March 16, 2020

As we continue to monitor the headlines from the world response to the Covid-19 outbreak, CAIDD and ED4 have made the decision to temporarily limit as much public traffic as possible thru our dispatch office and business office.

We are encouraging monetary and paperwork transactions to be conducted online.

We will continue to monitor this dynamic situation and take every appropriate action we can to maintain the high level of service that you expect from us.

Please call (520) 466-7336 with any questions or for further details.

Chris Michie  
General Manager  
Central Arizona Irrigation and Drainage District  
Electrical District No. 4
